Installation Services	See Note #4	0%
Packaged Service	See Note #4	0%
Training Service	See Note #5	0%
Renewal of Technical Support	See Note #6	N/A

Note #1: The discounts in this table apply to hardware (and first year of technical support) and programs (and first year of technical support) that are designated as an item number or product name associated with the Named Product Hierarchies provided such hardware and programs are available in production release when the applicable Order Form and Purchase Order is received. Customer's hardware order consists of the following items: operating system (as described in the configuration), integrated software and hardware equipment (including components, options and spare parts) specified on the applicable order. The term "hardware" is defined as the hardware equipment, including components, options and spare parts. The term "integrated software" is defined as software embedded in the hardware which is essential to hardware functionality (e.g., firmware).

Note #2: The appropriate price list is the Systems Hardware and Software Global Price List (Price List A). This commercial price list will be made available at a web site to be accessible by the Customers. On this price list, Customers can find the item number and the Named Product Hierarchy.

Note #3: The appropriate price list is the Engineered Systems Price List (Price List B). This commercial price list will be made available at a web site to be accessible by the Customers.

Note #4: To be eligible to purchase installation and packaged services, Customers must be current on technical support (Software Update License and Support) for their licensed programs, current on technical support (Premier Support for Systems) for hardware, and all supported software environments must comply with current Oracle Certification Matrices.

Note #5: The appropriate price list is the Oracle University Global Base Price List. This commercial price list will be made available at a web site to be accessible by the Customers.

Note #6: Customers may renew technical support services (Software Update License and Support or Premier Support for Systems as appropriate) under this Contract. For any support period that commences during the term of the Contract, if Customer renews technical support for the same number of licenses for the same programs and/or the same systems for the same configurations, the annual technical support fees will not increase by more than 3% over the prior year's fees. Oracle technical support services (including first year and all subsequent years) are provided under Vendor's applicable technical support services policies in effect at the time the services are provided. Customer agrees to cooperate with Vendor and provide the access, resources, materials, personnel, information, and consents that Vendor may require in order to perform the technical support services. The technical support services policies are incorporated in this Contract and are subject to change at Vendor's discretion; however, Vendor will not materially reduce the level of services provided during the period for which fees for the applicable technical support services have been ordered. Customer should review the applicable technical support services policies at http://oracle.com/contracts. Technical support is effective upon the effective date of the order unless otherwise stated in the Customer's order.

Note #7: Campus Wide Programs

Oracle Database:

- Standard Edition
- Enterprise Edition
- NoSQL Enterprise Edition

Enterprise Edition Options:

- Multitenant
- Real Application Clusters
- Partitioning
- Active Data Guard
- Real Application Testing
- Advanced Compression
- Advanced Security Option
- Label Security
- Database Vault
- OLAP
- Advanced Analytics

Enterprise Management Options:

- Diagnostics Pack
- Tuning Pack
- Lifecycle Management Pack
- Data Masking Pack
- Test Data Management pack
- Cloud Management Pack

Application Server:

- WebLogic Server Standard
- WebLogic Server Enterprise Edition
- WebLogic Suite
- Internet Application Server Standard
- Internet Application Server Enterprise
- SOA Suite for Middleware

Application Server Enterprise Management Options:

- WebLogic Management pack
- SOA Management pack
- Management pack for GoldenGate

Data Integration:

- · Data Integrator Enterprise
- GoldenGate
- · GoldenGate for Non-Oracle Database

Other Products:

- Webcenter Suite Plus
- Webcenter Portal
- Management Pack for Webcenter
- Identity and Access Management Suite
- Identity Governance Suite
- · Directory Services Plus
- Access Management Suite Plus
- · Management pack for Identity Mgmt
- Real User Experience Insight

The terms of Oracle's standard Academic Practices policies and §2054.003 of the Texas Government Code ("Higher Education Institutions") determines the customers eligible to qualify for Campus Wide licenses. Any discounts provided in Mythics Contract shall not apply toward any third-party products or any products on controlled availability. Notwithstanding the existence of separate license pricing terms for educational programs, the terms and conditions of this Contract shall apply to all purchases of Oracle software and associated products offered herein under educational licenses. Higher Education Institutions purchasing under this Contract may acquire licenses on a campus-wide basis, which means licensing all full-time and part-time students, faculty and staff ("Campus Wide Program").

Campus Wide licenses are only for academic institutions that are accredited and non-commercial in nature. This includes both institutions of higher education as well as institutions for primary and secondary education (K-12). Campus Wide licenses cannot be used by commercial training organizations, University hospitals, University medical centers or any other entity not associated with teaching, research or community service activities of the academic institution.

Campus Wide Programs. In consideration for licensing all full-time and part-time students, faculty and staff, we give you the following rights:

- a) Internet Access. You may allow an unlimited number of internet users to access any of the Campus Wide Programs licensed under Section A.1 of this ordering document, provided the access is for viewing, querying, or adding data associated with your administrative, teaching, research or community service functions. You may charge a fee for such internet access provided the fee is designed only to reimburse you for your costs incurred in developing and administering your business program.
- b) OAI and WDP Membership. As of the effective date of this ordering document, teaching departments at your institution may participate in the Oracle Academic Initiative (OAI) and/or the Oracle Workforce Development Program (WDP) or successor programs that may replace OAI/WDP, as available in your country. The OAI/WDP membership fee will be waived for any department that elects to incorporate Oracle programs into its classroom teaching. Teaching departments may apply for the free membership at http://oai.oracle.com or http://workforce.oracle.com. Once the teaching department is established as an OAI/WDP member, the department will be licensed to use the programs available under OAI/WDP for the purposes set forth in the applicable agreement.
- c) User Minimums. The user minimum table in the License Definitions and Rules section of the agreement does not apply to Campus Wide Programs.

On the yearly anniversary of the effective date of this ordering document, you must acquire additional licenses for any additional full-time and part-time students, faculty and staff in order to extend the rights listed above (Internet Access, OAI and WDP Membership, User Minimums) for a subsequent year.

These programs may not be used for any non-medical school functions of an associated medical center.

Mythics, Inc.
